

Dear Sirs:

I t is my understanding that you are considering NAB's petition 04-160. I would like to ask you to reject this petition. I have been subscribing to satallite radio for over a year now. I travel by car for work. My travel takes me to many different cities where I am not familiar with the roads or radio stations. With sattilite radio I can get news, weather and traffic conditions.

It would be wrong to limit what I choose to hear on a service that I pay for. In my opinion any regulation that would limit my choice would lower the value of service provided. I do not believe this is an issue that the FCC nor Congress should involved in.

In closing I again ask for you to reject the NAB's petition 04-160. Thank you for your time i allowing me to express my opinion.

Respectfully

Robert P. Ross
